

# PARTISAN

LP / CD

Dark hypnotic pooptunes that beguile and bewilder, drowned in fuzz and reverb, not unlike The Jesus and Mary Chain / Killing Joke / The Wipers / A Place To Bury Strangers

## BIO

PARTISAN is the brainchild of Cedric Goetgebuer, Ivo Debrabandere and Thijs Goethals. Having known one another for many years they began to work, play, create as a unit in 2013.

PARTISAN represents a sonic departure from the norm; its collective members may be known for past and current HC and metal-derived projects such as Rise and Fall and Oathbreaker, but they are far from being a mere extension of their predecessors. With their post-punk inspired sound, driven by noisy, yet clean and bright guitars and pulsating bass, PARTISAN channel influences from their collective musical pasts into songs that deliver their power and urgency through texture, dynamics and dark melody. Massive noise, reverb and distortion but always with a melodic approach and a keen sense of songcraft and dynamics.

## POINTS OF INTEREST

- Cedric Goetgebuer was riffmeister extra-ordinaire for punkmetal mammoths Rise And Fall.
- Ivo Debrabandere is the rhytmforce behind Deathwish dark rising stars Oathbreaker.
- For their first official release on Hypertension Records PARTISAN found brother in arms in producer Michael Neyt at the Jetson Studio (Kortrijk). The record was made over two sessions from September 2014 through March 2015. Recording sessions included sonic experiments and creating unique walls of sound in the strangest locations, f.i. indoor swimming pools...
- The record was mastered by Brad Boatright (known for cranking up the volumes for Beastmilk, Obituary, Corrosion Of Conformity).
- Their debut 12" on Hypertension Records will be cut on 45 rpm and delivered on the highest quality 180gr vinyl for your audiosonic pleasure, not unlike the good ol' Creation Records-days.
- PARTISAN's debut live performance is scheduled for September 2015.

**ARTIST** PARTISAN  
**TITLE** PARTISAN  
**FORMAT** LP / CD  
**RELEASE** NOVEMBER 16 2015
